

# THE BATMAN

It Was directed by Matt Reeve, and it was released in 2022. This film is based in the character of science fiction batman. It starts Robert Pattinson as Bruce Wayne, Zoey Kravitz as Selina Kyle, Jeffrey Wright as Gordon, John Turturro as Carmine Falcone, Paul Dano as Riddler, Colin Farrell as Penguin, Andy Serkis as Alfred, Peter Sarsgaard as Gil Colson...etc

After two years of looking around the city streets like Batman (Robert Pattinson), and infusing fear in the perverse minds of criminals, Bruce Wayne is plunged into the depths of the shadows of Gotham City. This lone vigilante has few reliable allies and this has led him to become the only embodiment of revenge among his fellow citizens. When a murderer points to Gotham's elite with a series of sadistic machinations, a trail of cryptic tracks leads Batman to perform an investigation. The film takes place during the early days of Batman's career, where he fights crime in the city. Inspector Gordon, played by Jeffrey Wright, is his police ally, while Cat woman, played by Zoe Kravitz, is a stoler that also has its own plans for the city. The Penguin, played by Colin Farrell, also appears as the film's antagonist, and appears to be related to a series of crimes that are happening in Gotham. "The Batman" is an exciting action film that follows the adventures of DC Comics' iconic characters in a new plot and setting.

The Guide is well done because Matt reeves he wants to change The previous sagas of theme instead of have a lot of action and little dialogue but in this film has more dialogue than action. For me the best performances are the character of Robert Pattinson as Bruce Wayne he did it well and perfect for his character. The best of all is the personality of Oswald Cobblepot characterized by Jeffrey Wright he portrayed the character of a liar and a betrayer. Also, Andy Serkis he did a great representation of Alfred, the man who take cares of Bruce Wayne when he was a simple innocent child. The movie is very a slow film but very entertaining almost in the film is very enjoyable to watch but sometimes is very dramatic. The soundtrack is good because also the composer is who composed the soundtrack of cars 2 the compose is Michael Giacchino. The movie is also very good because is not the typical film of a lot of action and little dialogue.

My opinion is that for me is one of the best films of the saga batman because in this film batman it's not a type of a superhero it's a type of policeman and the plot is very darkness for the assassin. The message that they wanted to represent is that almost the politicians they are corrupted and for me I think that is normal that there is an assassin killing the corrupted because he's tired of there being so much poverty and inequality in the city and no politicians doing anything as they're not interested in it. In general I recommend this film.
